The Honorable Wally Herger
U.S. Representative 2nd District
410 Hemsted Drive, Suite 115
Redding, CA 96002

Dear Congressman Herger:

The Esparto Regional Chamber of Commerce is working hard to provide opportunities; both economic and social to the citizens of the Esparto Region. We know you have worked hard for small businesses in your district as illustrated in the Small Business Expensing Expansion and Permanency Act of 2007.

We have been working hard to develop a long-term plan to create entrepreneurialism, in Esparto California. We are a growing community, with new homes being built every month, yet we remain very rural. Our post office is old, antiquated, and too small for our expected growth and in dire need of heat. A local developer has offered to move the post office and buy out the current lease. This move would guarantee a new building and all the state of the art conditions our small rural town deserves. We have written the Sacramento Postmaster (see attachment) and they have denied the move.

Will you be able to help us out? Please write or call the postmaster in charge of our district. And support our great rural town.

Sincerely,

Elizabeth Campbell
Executive Director
Esparto Regional Chamber of Commerce
